

SEA, YOU & ME

a few lines from nautiman@4Reel.org

What did you do this past weekend? I know what some us did...we enjoyed a double session of fishing.

FRIDAY – AUGUST 25, 2017 (Montauk, Long Island)

Friday, five of us experienced a beautiful day on the water fishing for jumbo sea bass and porgies on the Fin Chaser II out of Montauk, LI. The fishing was awesome! We all caught our limit of sea bass and porgies...all jumbo. The captain and crew were professional, skilled and engaging. Cannot speak for the others but this was one of my best fishing excursions. We are planning to return to the Fin Chaser II one more time before the end of the season. Check out the pictures in the gallery on the website (www.4reel.org). If you like fish then you should join us. Send me an email and we will keep you informed of our schedule. When you have a moment you should visit www.myfinchaser.com to view their daily catches. Wow!!!

SUNDAY – AUGUST 27, 2017 (Brielle, New Jersey)

Sunday, Relation Ships, LLC (RS) held its 3rd Annual Friend-Ship Fishing Excursion aboard the Jamaica II out of Bogan's Basin in Brielle, NJ. It was a beautiful sunny day with temperatures lingering around the mid-70s. There were fifteen of us which included family and close friends, one family of 3 generations and 2 families of 2 generations. Some caught a few fish and some of us got skunked (didn't catch anything) but we all had fun. Next year, RS the plan is to expand our horizon so the Friend-Ship Fishing Excursion will be held on another vessel...possibly the Fin Chaser II. Hopefully those who were aboard in 2015 or 2016 but did not come out this year will return next year.

Go to our website, www.4reel.org to check out a few pictures from our fishing excursions. All the photos have not uploaded yet but you can begin seeing what we experience.

I thank everyone for hanging out on the water with me. Hope you will join me again in the future.

For those who previously joined us but were unable to come this year, hope you will join us on one of our upcoming outings and become a 4Reel Angler! For those who want who have never been deep sea fishing, we welcome you. Just let me know.

What's Coming Up On Our Line?

Before the end of the year, we plan to fish again for jumbo sea bass and hope to go out for striped bass in Montauk. Next year, I look forward to fishing in new waters. Maybe the Hyannis, MA, Outer Banks, North Carolina, Key West, Florida or one of the Caribbean Islands (maybe Scrub Island). How about blending a vacation at a resort with a fishing excursion? I've already started the preliminary research and discussions. If you are familiar with any of the areas, can recommend another area, or interested in joining us wherever we fish, send me an email.
